Welcome to the Association of Maritime Managers of Information Technology and Communications (A.M.M.I.T.E.C.). This site is the primary focus of Member services and information exchange world-wide. Login here to our Member's area.

AMMITEC is a non-profit organization bringing together the ICT professionals of the Maritime sector. AMMITEC promotes the efficient use of Information and Communications Technologies in shipping and other Maritime - related companies, is a forum for the exchange of experiences and ideas of the Maritime ICT professionals, assists it's Members to remain updated about recent developments by organizing numerous seminars and conferences, and expresses the views of the ICT Professionals during the policies and standards formulation process at National and International Maritime and ICT Organizations. If you are an ICT Professional engaged in the Maritime sector, AMMITEC is your professional body working for your benefit. You are welcome to join hundreds of your colleagues world-wide and become a Member.

There are two levels of Membership:

- Full Membership applies to ICT Professionals who hold **Managerial** positions within ICT Departments of Shipping companies (Ship-management and Ship-operators, Ship-agencies, Ship-brokers) only.
- Every other Maritime ICT Professional is welcome to apply for Associate Membership. Associate Members enjoy the same benefits as Full Members except the voting right.
