Even the best can be better

Software Concepts

- How will an Officer or Engineer see it?
- Is the System dictating the Company or is the Company dictating the System?

Demonstrate Control

- Safety Inspections and Audits
- Manageable Track-Back
- Status
- Actions taken

Concluding

- Sell it to the Ships
- Make sure that the system:
 - Embraces & Serves both sides of the Coin
 - Can be developed in tread with your business
 - Strengthens each Link in “The Chain”
 - Leaves all your team members with measurable results

**“This is how we see the way to Excellence
and that’s how your chain will allow you to
hold your anchor there”**
